

Main Team Meeting Agenda

Sit in a circle.

Total your points in each of the four areas, plus in the area of Team Spirit points.

Have everyone give their score sheet to the person to their right to check for clear documentation of points and the correct totals.

When completed, pass the score sheets to the team scorekeeper so that s/he can record the scores on the team record sheet.

The team captain should request volunteers or assign people to make the four presentations.

Have whoever worked on the cheers teach them to the group.

Have the team members each make their four reports.
